

SAFEBUDS – Cotton Bud Sticks

PRODUCT CODE SBU 000

PACKAGING 10 self-seal gripper bags containing 100 buds per bag, total 1000 buds per pack

DESCRIPTION Thin rigid 2x150mm wooden sticks tipped with a tightly-wrapped bud of ø5mm pure cotton wool.

WHERE AND HOW TO USE

Use with Foamclene to clean between the keys on the keyboard. Ideal for accessing awkward corners and difficult to reach parts of computer hardware. SAFEBUDS can also be used on keyboards of VDU's, telexes and typewriters.

SELLING POINTS

1. Single ended stick curtails contamination of one end.
2. Cotton bud is fixed with solvent resistant adhesive, ensuring that it will not slip off the stick while in use.
3. Stick length allows difficult-to-reach areas to be cleaned while maintaining effective working pressure.
4. Packed in self-seal gripper bags to prevent contamination.
5. Use with Isoclene, AF Spray, Safeclene 2000 or Foamclene
