Setting the Standard

**Apply theWORKS in wet or dry conditions on virtually any substrate and get a secure fix and seal quickly and easily – no shrinkage, no staining and over paintable.**

- Saves time, quick curing and no need for additional fixings for most applications
- Environmentally friendly and user friendly – no solvents, non hazardous, non flammable and no odour means it can be used in confined spaces and areas open to the public.
- Excellent temperature range, can be used in any weather conditions
- Excellent resistance to UV
- Will not attack synthetic material, unlike solvent based adhesive
- Resists mould growth
