Please add suffix **BK** to catalogue no. e.g. **S1428BK**

## Back Boxes - Data Plates

depends on modules being used  
minimum recommended depth

	flush 25mm	dry lining 35mm	surface 25mm
1g	DB162	DB2540	V1221
2g	DB163	DB2541	V1223

## Back Box - Lounge Plate

	width	height	depth
DB184	250mm	192mm	40mm

## Lounge Plate

Where you need multiple power, telecom, TV and radio outlets in one place, Deta's Lounge plate provides the ideal solution.

Instead of having separate outlets on the wall, just add the modules to the Lounge plate to make the configuration you require.

To make the installation even easier, the flush mounting box has a divider between the mains voltage sockets and the extra low voltage modules (refer to BS7671 IEE Wiring Regulations).

Also available in *Decorative and Flatplate ranges.*
