

-1. Lindström Precision Tools

-1.1. ELECTRONICS AND FINE MECHANICAL PLIERS

- Material: High performance alloy steel
- Polished
- Numerically controlled machine grinding guarantees edge angle accuracy and contact, increasing the tools reliability and consistency
- Precision induction hardened edges 58-60 HRC
- Screw joint that minimizes friction and maximizes alignment of cutting edges
- ESD safe handles in synthetic material with return spring
- The cutting capacity that is given is for copper wire
- "CO" standard handle shape in conductive material

Supreme-series Diagonal cutters Tapered head

7190, 7191
