

SANDVIK BAHCO

Side cutting pliers

2128G

ergo®

ISO: 5749

DIN: 5749

Finish: black oxidised, anti-corrosion treated.

Material: Chrome-Vanadium steel. With Ergo handles in two-material combination. Thermoplastic surface on tough polypropylene which gives a superior grip.

Shape: an "open" joint, in which the distance from the joint centre to the cutting edges is reduced, results in greater leverage and increased cutting capacity. Equipped with return spring with on/off function. Round shaped jaws give improved accessibility in confined spaces.

Application: the edges specially designed to cut harder material such as piano wire and spring steel wire.

Cutting capacity: piano wire.
