Plain Board Veroboard 104x65 mm using SRBP

01-3937, Plain Veroboard Eurocard format 104x65mm manufactured from SRBP 1.6mm material laminated. Holes are 1.32mm dia. on a 0.100 or 2.54 mm matrix

Product Description

- Fully pierced material ideal for hard wiring discrete components

- This board provides holes on a matrix of 39 pitches by 25

- Hole diameters are 1.32mm nominal on 2.54 centres

- Suitable for use with all Vero prototyping pins

Application:	Veroboard Type
Imperial or Metric:	Imperial
Hole Size:	1.320
No of Holes:	975
Holes per track:	39
Number of copper strips:	25
Plating:	Not applicable
Sizing Format:	Non Eurocard Format
Veroboard Material:	SRBP
