Product line:

Beluga 180 (with or without display opening)

Beluga 220 (with or without display opening)

Beluga 380

Technische Daten

Gehäuse:

Material	polyamide
SealCR	round seal
Colour	similar to RAL 7021 black/grey
Ingress protection	IP65 to EN 60529
Surface resistance	1012 Ohm to DIN 53482
Impact resistance	>7 Nm to DIN 50014
Flammability	V2 nach UL 94
Temperature resistance	-40°C bis +60°C
EMV	optional

Dimensions:

	Beluga 180	Beluga 220	Beluga380
Enclosure body	187x106/ 75x50mm	220x116/ 85x51mm	380x117x68mm
Display opening	66x43mm	79x50mm	

Accessories:

- Membrane keypads
- Hook set (with/without a magnet)
- Variable display mounting set
- Hand straps
- Carrying belt
- Wall holding set
- Cable glands
- Acknowledge button, 2-step
- NEW: Battery compartment
