

## TPH workbench

The TPH workbench includes a pair of uprights and one laminate shelf. It has its own range of accessories, also in stock, and covering the essential, basic needs of any professional workstation. The height of workbenches in our TPH range can be steplessly adjusted from 650 to 900 mm, which makes these benches suitable for work while sitting or standing. Frames are of epoxy powder coated steel in grey RAL 7035.

The height adjustment of the laminate shelf is between 1080-1550 mm. Load capacity for the bench top is 300 kg and for the shelf 50 kg even load
