

NATURAL RUBBER

Natural rubber is a good general purpose gasket material.

Recommended for use in less demanding situations with air, water, weak acids and alkalis.

The Klinger group has been recognised as the market leader in gaskets and sealing for over a century. Our research and development laboratories have investigated over 250 different fibre forms in the search for asbestos free alternatives. The search has resulted in a range of high quality and high performance asbestos free materials that have been proven in service

Typical Applications

- Low pressure systems < 10 bar
- Plastic and GRP flanges
- Water service
- Applications of limited bolt load

Polymer:	NA
Hardness	65° Shore A
Specific Gravity	1.50g/cm ³
Tensile strength:	3.0N/mm ²
Elongation at Break:	250% Min
Operating Temp.:	-25 to 80°C
