

Available in 24 hours: drylin® linear axes with motor

... fix & ready in 24 h ...

Starting this autumn igus® delivers ready to install, pre-configured linear modules (drive: lead screw or toothed belt) from stock within 24 hours. You simply choose between 3 installation sizes, 3 stroke lengths, 3 stepper motors respectively ... and the system is delivered in 24 hours after your order.

- Drive: lead screw or toothed belt
- Completely lubrication-free
- NEMA stepper motors with litz wires
- Pre-assembled and tested
- Base drylin® drive units ZLW and SAW

Typical applications:

Pick & place, handling, camera/sensor positioning

Dimensions [mm]

Part Number	Installation size	Carriage length	Stroke length	Motor type	Max. stat. load capacity	
					axial [N]	radial [N]
DLE-SA-0001	ZLW-0630 Basic	60	300	NEMA17 Litz	35	140
DLE-SA-0002	ZLW-1040 Basic	100	500	NEMA23 Litz	100	400
DLE-SA-0003	ZLW-1080 Standard	100	1000	NEMA23XL Litz	150	600
DLE-SA-0004	SAW-0630 Tr08x1.5	60	250	NEMA17 Litz	100	400
DLE-SA-0005	SAW-1040 Tr10x2	69	500	NEMA23 Litz	500	2000
DLE-SA-0006	SAW-1080 Tr12x3	100	500	NEMA23XL Litz	750	2000
