

Anodized Aluminum 72/30

Art. no. 18258

Page 1 of 1

Technology

- Solid, anodized aluminum body
- Shackle made of steel with NANO PROTECT™ plating, also available in stainless steel or aluminum
- 5-pin precision cylinder
- Cylinder can be rekeyed to match an existing key
- Available keyed alike, master keyed and grand master keyed
- Key-retaining (Lock retains key until locked)

Operation and use

- The 72/30 is the smaller brother of the ever-popular 72/40 aluminum safety padlock. With its low weight and the reduced size, this lock is best used in confined or hard-to-reach spaces. The 72/30 is available in a number of different colors and can be engraved to your individual needs.

Variants

- Additional Shackle Lengths: 1 31/32"
- Colors: red, blue, green, yellow, brown, violet, silver, black, orange

Compact Aluminum Safety Padlock
