SPECIFICATIONS			
Operating voltage:	1-24V AC/DC	1-24V AC/DC	
Switching current	0.2A max	0.2A max	
Actuation force	3-5N	3-5N	
Operating temperature	from -20°C to	from -20°C to +70°C	
LED Operating voltage	12V DC max	12V DC max OR 24V DC max	
LED max current consumption:	(12V)	(24V)	
Red	18mA	18mA	
Green	9mA	9mA	
Blue	27mA	16mA	
Ingress Protection	IP69		
Lifetime	50 million op	50 million operations	
Material	POM	POM	

Fitted with red, green and blue LED's for illumination. 26mm diameter actuator ٠

22.5mm diameter mounting hole ٠

.

Normally open, momentary action •

Exceptional durability and reliability.

Make impulse time of 125-300 msec •

Plastic piezo switches offering rugged, sealed tamper and vandal proof solid state switching.

- Recessed face
- Wire termination
