(a) - TV-1 (f/b 671), TV-2 (f/b 672)

* - May be followed by additional numbers and/or letters.

Note 1 - When using push-on connections on 12A rated switches, terminal temperatures should be considered, See test Record No. 4.

Note 2 - Switches not using thermoset parts are rated 120 C.

Note 3 - These switches have been investigated for use only in an ordinary environment. Switches should be evaluated for compliance with the end-use product standard, if intended to be used in environment such as oil, freon, X-Ray, etc.

Note 4 - Terminations other than solder connections should be evaluated for compliance with the end-use product standard

Note 6 - The suitability of the actuator button material as an enclosure has not been investigated.

Note 7 - These switches have a contact gap of 3 mm or more.

Note 8 - The unit is provided with an additional signal switch contacts. These contacts are intended for low voltage rating and has not been evaluated. The need to evaluate these contacts should be considered in the end product.

Note 9 - The unit is provided with a reset coil. The contact of this switch is closed by mechanical operation and opened by electrical operation with a reset coil.

Note A - Terminations other than quick-connect with solder should be evaluated for compliance with the end-use product standard.

Note B - For horsepower rating.

Note C - The switch has not been evaluated for water proof function.

Marking: Company name or tradename "Matsushita Electric Works, Ltd" , "Panasonic Electric Works Co., Ltd" or trademark  ,  ,  , catalog, model or part number, electrical ratings and Recognized Component Mark,  on the product or on the smallest unit container in which the product is packaged.

When the UL Leaf Mark is on the product, or when the word "Environment" is included in the UL Mark, please search the [UL Environment database](#) for additional information regarding this product's certification.

The appearance of a company's name or product in this database does not in itself assure that products so identified have been manufactured under UL's Follow-Up Service. Only those products bearing the UL Mark should be considered to be Listed and covered under UL's Follow-Up Service. Always look for the Mark on the product.

UL permits the reproduction of the material contained in the Online Certification Directory subject to the following conditions: 1. The Guide Information, Designs and/or Listings (files) must be presented in their entirety and in a non-misleading manner, without any manipulation of the data (or drawings). 2. The statement "Reprinted from the Online Certifications Directory with permission from UL" must appear adjacent to the extracted material. In addition, the reprinted material must include a copyright notice in the following format: "© 2012 UL LLC".
