

LED Voltage Meter (Blue)

SKU:DFR0130-B

INTRODUCTION

This is a standalone DC voltage meter. It measures 3V-30V with 1% accuracy. Best suited for battery level display. Just apply two wires on the power without any extra circuit or components, it gives the reading straight away. Easy to use, and is a good company with robotic applications.

Three colors options: green / blue / red.

SPECIFICATION

- Measure Voltage:3.0-30V DC
- Refresh Rate:2 Hz
- Accuracy:1%

SHIPPING LIST

- LED Voltage Meter (Blue) x1
