## MicroScanner<sup>2</sup> Cable Verifier

Click here: [Virtual Product Demo](#)

Next-generation MicroScanner verifies voice/data/video cable and services with a revolutionary user interface.

- **Revolutionary Interface** – graphical wiremap, length, cable ID, and distance to fault displayed on one screen
- **Multimedia Support** – tests all common media types including RJ11, RJ45, Coax, with no need for adapters
- **IntelliTone Toning** – locates virtually any cable or wire pair with IntelliTone digital and analog toning
- **VDV Service Detection** – verifies today's media services, including 10/100/1000 Ethernet, POTS, and PoE
- **Rugged Housing** – integrated rubber holster enhances grip and makes it durable enough for the toughest jobs
- **Oversized Display** – large, backlit LCD makes results crystal clear whether in bright sunshine or in a dark closet
